

STERILITY

How shall a mother who is weak and sick with some female trouble bear healthy children? How anxious women ought to be to give their children the blessing of a good constitution! Many women long for a child to bless their home, but because of some debility or displacement of the female organs, they are barren.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the parts, curing all displacements and inflammation.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham, Lynn, Mass., whose advice is given free to all expectant or would-be mothers. The medicine that instantly asserts its curative powers in the ills of women is

Read these Two Remarkable Cures.

"DEAR MRS. PINKHAM: - During the early part of my married life I was very delicate in health. I had two miscarrages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well.

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it. Sincerely yours, Mrs. Anna Porre, 510 Park Ave., Hot Springs, Ark."

"DEAR MRS. PINKHAM: - I was married for five years, and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, which is the pride and joy of our household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness your Vegetable Compound has brought to my home. Sincerely your friend, Mrs. Mar P. Wharry, Flat 31, The Norman, Milwaukee, Wis." Sec. Northshore Oratorical Society.

left until the last moment in order to avoid friction.

Word was received yesterday that the Boone County Democratic Committee had ordered a primary on State officers other than Governor, owing to the death of Jer-ryy Murry, candidate fo Attorney General, who died two weeks ago. This is thought to be largely due to the efforts of E. W. Stephens, editor of the Columbia, Herald, who is very much interested in the can-didacy of Secretary of State Sam B. Cook.

The publishers, however, thoroughly enloyed the feast, even if they didn't participate actively. They knew that the Igorrotes were having a real feast them selves with the fuscious canine roast, for there were many manifestations of this from the natives of the Philippines. They seemed to be having fully as good time as the publishers had at their feast in the St. Louis Club when, to be sure, there wasn't any dog on the menu card. Just to show that they were happy, the lgorrotes gave one of their picturesque dances and it was another part of their

The publishers saw the Constabulary and the Scouts in their drilling and they saw the Moros. For the benefit of the visitors, the Moros were clad in all their gudsome holicay ciothes. These clothes are of variegated colors and were donned just to demonstrate that while some of the natives of the Philippines eschew ciothes, the Moros do not.

It was explained to the visitors that the Moros are the ones that are causing little massacres now and then in the Philippines and who seem to have grave doubts about desiring to become civilized. The remarks anent the Moros caused some qulet joking among the publishers. It was explained that the Igorrotes had also domned their best clothes. A long and careful search of each Igorrote, however, falled to reveal anything more than a happy smile and about a yard of cloth knottee about the leins.

KENTUCKY FEUD MAY BE REOPENED

Two Men Fatally Injured in Fac tional Fight in Leslie County Mountains.

Owingsville, Ky., May 13.-In the moun tains of Leslie County last night a pitched battle occurred between two factions of mountaineers that will likely cause a renewal of the feud trouble in the section. A crowd had gathered on Salt Creek to celebrate the retirement of Deputy Sheriff Z. R. Caldwell. Caldwell and his followers were present, as were some of the ene mies of years standing. A supply of Clay County moonshine whisky was secured

and it flowed freely and it nowed freely.

Trouble soon started, and the men began firing at each other with revolvers from behind rocks and trees. More than fifty shots were fired, and when the smoke cleared away A. Saylor and Bob Burns were stretched on the ground fatally injured, and several others had slight wounds.

John Caldwell, brother of the retired Sheriff, and Arnold Belcher, are charged with shooting Saylor and Burns, but no arrests have been made. Friends of both arrests have been made. Friends of both sides are reported to have armed them-selves and a battle is expected. Efforts are being made to keep the two factions apart.

Leslie County joins Clay County, which has been the scene of several of the bloodlest feuds ever waged in Kentucky, among them being the Howard-Turner and Philnots-Baker warfare of several years ago.
